Presented by: Work & Family Consulting, Inc.

February 9, 2015

5:30-7:30 p.m.

Cost: \$10.00 per person

Event Capacity: 40 attendees

**Leadership qualities must come from teachers, support staff – every adult.
(Sullivan, 2003)**

In order for a program to do its best for children and families, leadership must be present at all levels within an early care & education program. Emphasizing leadership techniques such as coaching & mentoring, influence & relationship building and contributing to the team, this training event is designed for cooperating teachers of practicum students, classroom teachers, assistant teachers and program support staff. It has been designed specifically to support programs in meeting NAEYC Criteria 6.A09.
